United States Medicine Warehouse,

DEAR SIR :

NEW YORK, January 1st, 1866.

We have pleasure to hand you our revised Catalogue for 1866. We endeavor, from time to time, to offer all obtainable information respecting new articles in the Medicine line, legislation affecting these goods, retail prices, stamps, etc., and render this Catalogue reliable for reference.

Articles not requiring stamps, under the U. S. Internal Revenue Law, and those which are stamped inside the wrappers, are appropriately designated, and the retail price (indicated by the stamp they bear) affixed. In many instances, stamp values are insufficient to afford a reasonable profit. Proprietors having complied with the law, no recourse is left in such cases but for the retail dealer to affix such additional stamp as he may choose, and sell accordingly. Wholesale dealers cannot do this.

From the extent of the country covered by our correspondence, the difference in the gold and currency prices of Canada, California and the Eastern States, and the complaints of our interior jobbing friends, we have found it necessary to omit all dozen and quantity prices. All fluctuations are noted, and prices daily revised in our office.

For the purpose of bringing our business to closer cash, and to save distant markets the loss of time required to freight goods from New York, we have established similar houses in New Orleans and Montreal, where we keep an equally full and extensive stock of everything in the Medicine line. Those of our friends who find it more convenient to order from those points, will receive the same thanks and attention.

Our facilities for handling these goods cheaply, promptly and satisfactorily are not equalled by any house on either continent. We have made the medicine business an exclusive speciality for many years. We are proprietors of many valuable articles, are exclusive agents for others, and buy the balance in large lots, and can sell at or below proprietors' prices, either by the dozen or hundred gross. We aim to keep every article of this kind known to the Trade.

Compared with a few years ago, these goods are high. In answer to the inquiry—"will they not decline with gold and other goods?" we have to say: Most medicines are largely composed of 95 per cent. Alcohol, the tax alone upon which is \$4.00 per gallon—against nothing four years since. Until Government reduces this tax, proprietary medicines cannot decline should gold go to par to-morrow.

Those who have suffered the misfortunes of the past five years must find it to their interest to feel their way carefully; to buy no more goods than they can pay for, and not again shipwreck their little remainder when a change of finances occurs. Those who have fortunately accumulated through the effects of a stimulated business and a cash system, ought to be satisfied to continue the same course, and not to risk it in delusive credit. Keep your goods or your money. A day of reckoning is surely coming: just when, no man can tell. 1837 swept overboard more than three-fourths of the merchants of the country. We had not then a war to offer as an excuse or explanation. 1857 reduced men of fortunes to beggary, and carried away winrows of our most substantial houses in a day. We had not then a redundant currency to liquidate—a devastated country to build up—an immense national mortgage to pay, or foreign political complications to fear, as a cause. What then may we not expect in our present position? Every argument of present safety and eventual recuperation points to the necessity of avoiding credits in either buying or selling. We shall strictly adhere to a cash business, and avoid the necessity of charging you for insuring our bad debts.

TO THE TRADE OF THE UNITED STATES.

If the trade will but realize the very small profits which Proprietary Medicines, sold at wholesale will bear, they will excuse us for making *prompt* terms. Indeed, our experience teaches us that in no other way can our business be sustained. Our Goods cost Net Cash, quite as arbitrary as flour or iron. We must do the business with the same exactness, and be allowed to handle the same money frequently. We shall be very thankful for your orders, which shall receive prompt attention, and the lowest prices ruling, the day the order is received. But we beg to present you our *necessary terms in their execution* :

1st. Our list comprises over a thousand articles. We beg to say it is impossible for us to send out "priced lists," or answer the numerous inquiries for them. We are happy to send you copied quotations for such articles as you may want at any time, which are necessarily limited to due course of mail and always subject to proprietors' changes, pending receipt of order.

2d. We cannot execute any order, "payable on arrival of goods." We sell our goods deliverable in our store, and can only ship as you may direct, and at *your risk and expense*. We always enclose shipping receipt or bill of lading, showing packages to correspond with invoice. In case of non-arrival, your most expeditious method is to *address Transportation Company direct*. Such a circumstance would be your misfortune, which we should much regret, which must not in any manner affect payment of the bill. *We insure for you only when so requested.*

SHALL WE INSURE ?

3d. Our goods are mostly sold in glass. Manufacturers of glass will not insure breakage to us under 3 to 5 per cent. Transportation men make little difference between handling glass or corn. Notwithstanding every possible care on our part, we do not expect or promise our goods will always reach you without breakage. The packing of every article is examined by two competent men whose initials are attached to the Invoice. Bitters, liquors, etc., are sometimes abstracted, *en route*. These are a class of unavoidable accidents, but for which we can in no way be held responsible; your recourse is upon the Transportation Co., or an Insurance account.

4th. Let each order, if three a week, state shipping directions in full. If not directed, we are authorized to exercise our own judgment, when our legal responsibility for delay, loss, extra freight, etc., ceases.

5th. Orders received for goods not in our stock, etc., will be filled to the best of our ability as *your agents*, and being paid for by us, cannot be exchanged or prices abated.

6th. We charge for Cartage, and for packed Cases. When *original packages* can be used, we make no charge.

7th. We much prefer remittances, and save considerable expense thereby. If you do not remit our Drafts are always made at sight, our Invoices being the only notification of same. *We cannot control Bank through which they will be presented*

REQUEST.

When inaccuracies occur in our Drafts, be kind enough to accept the same and draw on us for difference, preceded by letter of explanation. If unaccepted, remit as *per your books*, and explain by first mail. The return of Drafts unexplained subjects the transaction to expense, (stamps, banker's fees, etc.,) and your house to damaging suspicion. *Interest from date of bill, with all expenses, will be added in all such cases.*

TERMS.

We are compelled to make all Bills NET CASH, FUNDS PAR AT PLACE OF SALE (New York or New Orleans), on presentation of Invoice, or the *unqualified acceptance of our Drafts, with exchange, at our convenience.*

TO THE TRADE OF CANADA.

From our Montreal House, prices will be in gold. Our terms will be from net cash to 4 months, according to the understanding at the time. Please communicate your desires with your orders. We shall sell cheap, and much prefer short time. The attention of jobbers and large buyers is particularly solicited.

Truly yours,

MR. JOHN F. HENRY, MR. AMOS G. TORREY, and MR. B. S. H. GOOD are admitted to an interest in our houses from this date.
